Following three sold-out recitals in the popular series IN THE DARK, VOX Cape Town, in collaboration with Biblioteek Productions and Youngblood Arts and Culture Development, presents a recital of rarely-performed masterpieces that trace the evolution of choral music through the centuries.

This recital is inspired by a lecture-performance that was presented by Grant McLachlan and VOX Cape Town at last month's UCT Summer School.

Are you part of our musical family? To join our mailing list, or to read more about our forthcoming and past performances, visit www.voxcapetown.com

We are very grateful to many individuals and organisations for their generous support. For more information on how you can support our music, visit voxcapetown.com/support-vox/

VOX Cape Town, the city's most innovative choral collective, spans musical history in its focus on a cappella works, oratorios and local compositions to enrich the musical life of Cape Town and South Africa. VOX intends to invigorate local choral music through imaginative programming and staging to create intimate, immersive sensory experiences.
